

MAYO COMMUNITY FUTURES

Mayo Community Futures is now inviting communities, who require assistance in doing community action plans, to apply for the next round of the Mayo Community Futures Programme.

The programme assists communities to prepare a 5 year Community Futures Community Action Plan throughout a 6 month period. The plan is prepared, with the support of a Community Support Volunteer, following a detailed consultation process that involves all sectors and residents in the community. A local representative steering group is set up to guide the process.

Mayo Community Futures aims to support stronger, more proactive communities and encourages more people to get involved locally. 26 communities have participated in the programme to date.

YOUR CHANCE TO TAKE PART

Community action planning is now becoming more important. Proposals are being considered that would require communities to have an action plan prior to applying for funding. By participating in the Mayo Community Futures programme, you will ensure that your community is not left out and its voice is included in County strategies.

Communities wishing to participate must complete an application form.

CLOSING DATE FOR APPLICATIONS; 5PM FRIDAY NOVEMBER 20TH 2015

APPLICATION FORM AVAILABLE FROM:-

Mayo Community Futures, Community & Integrated Development, Mayo County Council, Castlebar, Co. Mayo
