Community Futures Renewal: The Community Futures Action Plan is now more than 5 years old. The Community Steering Group are now embarking on a Renewal Plan, supported by Mayo Community Futures. The purpose of the Renewal Plan is to give our community a chance to re-evaluate our community's needs. The process allows us to examine what actions have been achieved from the previous plan. Importantly it gives us the opportunity to add new priorities and ideas we may have for the next five years. The first step in this process is the household survey. This process gives every household an opportunity to put forward all of your ideas. We aim to get the survey out in early March and we encourage people to think about what they would like to see happen in Tuar Mhic Éadaigh in the next 5 years. A Plan strengthens our community's ability to access support and funding for projects. It helps us to represent our goals and objectives more effec-

tively at both a local, county and national level.
