

WAYLEAVE AGREEMENT

I _____ of _____ (Hereinafter called the owner) the Owner and Occupier of lands within the _____ Group Water Scheme (GWS) agree with the GWS as follows:

- 1 _____ GWS may carry water through their pipes for the purpose of the Water Scheme and may maintain on or under my said lands all necessary valves, taps, ball-cocks and other fittings required for such purposes.

- 2 _____ GWS or any agent nominated by them may at all reasonable times enter on my lands for the purpose of laying, inspecting, maintaining, improving, replacing or repairing the said pipes or fittings, and may carry out any such works and make any excavations necessary for such purpose as per the maps prepared for the Scheme and are within a distance of 5 meters on either side of the said line provided that in so doing _____ GWS shall take all reasonable care and shall restore the surface of the lands on completion of any such excavation.

- 3 I as the Owner will not interfere with or remove the said pipe or fittings and will do nothing which might impede the flow of water through the said pipe.

- 4 In this agreement the Wayleave is for the benefit of the _____ GWS for the time being of the said Scheme and, in the event of the said GWS being taken over by the Sanitary Authority as defined under Water Services (No. 2) Act 2013, then I agree to the assignment of the benefit of this Wayleave to the Sanitary Authority.
