NATURE MATTERS Nature Matters is a group of parishioners who have come together to improve awareness of the environment and the importance of biodiversity. New members are always welcome. Ragwort, or what we call *buachallán*, was once classed as a noxious weed which had to be controlled by law. However it is a very important plant in the natural world as it supports a vast number of insects including bees, wasps, beetles, hoverflies and moths. It is toxic to animals but most of them know how to avoid it unless it is fed with fodder.

NEW EMAIL ADDRESS

We have set up a new parish email, for the moment you can still use the old email address. This is the new email address moving forward for the parish killasserparishemail@yahoo.com

DON'T JUDGE OTHERS TOO HARSHLY

Pray do not find fault with the one who limps
Or stumbles along the road
Unless you have worn the shoes they wore
Or struggled beneath their load.

There may be tracks in their shoes that hurt
Though hidden away from view
Or the burden the bear, placed on your back
Might cause you to stumble too.

Don't sneer at the one that's down today.
Unless you have felt the blow
That caused their fall, or felt the shame
That only the fallen know

You may be strong, but still the blows
That were theirs, if dealt to you
In the self same way, at the self same time
Might cause you to stagger too.

Don't be too harsh with the one who sins,
Or pelt them with word or stone
Unless you are sure, yes doubly sure
That you have no sins, of your own

For you know perhaps, if the tempter's voice
Should whisper as soft to you
As it did to them, when they went astray,
'Twould cause you to falter too.
